Anexo

Credenciales de partnership con Microsoft

"Nuestra alianza estratégica combina la experiencia global en infraestructura y servicios de NTT con el poder de Azure.

Juntos, construiremos nuevas soluciones que abarquen IA, ciberseguridad y nube híbrida, a medida que trabajamos para ayudar a los clientes empresariales de todo el mundo a acelerar su transformación digital".

Satya Nadella
CEO, Microsoft

PARTNERS GLOBALES Y ESTRATÉGICOS

2020 Partner of the Year Winner
Spain

"NTT se compromete a ayudar a las empresas a realizar sus iniciativas de transformación digital para ayudar a crear un mundo más inteligente. Creemos que la combinación de la plataforma Microsoft Azure junto con la infraestructura conectada y las capacidades de prestación de servicios de NTT acelerarán estos esfuerzos".

Jun Sawada
CEO, NTT

NTT DATA Microsoft Alliance - Level & Competencies

NTT DATA has achieved the **Microsoft Gold Cloud Platform Competency**, which means having the direct endorsement of Microsoft, which rewards through this distinguished recognition of excellence, commitment, skills and experience in its technologies, declaring NTT DATA a committed partner in the evolution of its technologies to satisfy the interests of both Microsoft and its customers.

NTT DATA has complied with the requirements to demonstrate and validate its technical capabilities in the Microsoft Partner Network program, achieving **16 Gold and 2 Silver Competencies, 4 Advanced Specializations** as well as 5 New Microsoft Cloud Designations:

Gold Messaging
Gold Application Integration
Gold DevOps
Gold Data Analytics
Gold Data Platform
Gold Project and Portfolio Management
Gold Communications
Gold Application Development
Gold Collaboration and Content
Gold Cloud Platform
Gold Datacenter
Gold Cloud Productivity
Gold Small and Midmarket Cloud Solutions
Gold Enterprise Mobility Management
Gold Windows and Devices
Gold Security

Silver Cloud Business Applications
Silver Enterprise Resource Planning

Modernization of web application to Microsoft Azure Advanced Specialization

The Modernization of Web Applications in Microsoft Azure Advanced Specialization allows partners with an active Gold Cloud Platform Competency to further differentiate their companies by demonstrating their expertise and proven success in migrating and deploying production web application workloads, applying DevOps practices, and managing application services in Microsoft Azure.

Kubernetes on Microsoft Azure Advanced Specialization

The Kubernetes on Microsoft Azure Advanced Specialization allows partners with an active Gold Cloud Platform Competency to further differentiate their companies by demonstrating their proven success in deploying and managing production workloads in the cloud using containers and managing hosted Kubernetes environments in Microsoft Azure.

Low Code Application Development Advanced Specialization

The Low Code Application Development advanced specialization allows partners to validate their expertise in building digital solutions using Power Apps and related technologies. This expertise will be verified through customer deployments and Microsoft certifications, ensuring skilled partners deliver high quality implementations.

Identity and Access Management

The Identity and Access Management specialization provides a means for your organization to showcase proven, verifiable expertise in deploying Microsoft Identity workloads. This expertise will be verified through customer references and Microsoft exams, ensuring partners can deploy and manage these workloads.

NTT DATA has been selected as a **Referring Partner for the Application Modernization Solutions Area** for the opening of the new Azure Region in Spain

NTT DATA Microsoft Alliance - AWARDS

Microsoft
Partner

2020 Partner of the Year Winner
Spain

FY21

Microsoft
Partner of the
Year Awards

- NTT DATA has been chosen as the winner in the **Cloud Native App Development** category for the **Latin American and Caribbean region** FY21.

- NTT DATA has been elected the winner in the category **Cloud Native App Development** in the Spanish Subsidiary.

"NTT DATA, with its capacity to grow, innovate and enable its equipment on Microsoft platforms at high speeds, has constantly demonstrated an extraordinary focus on digital transformation and customer obsession. NTT DATA offers a top-notch service on all Microsoft platforms while deploying multiple assets to simplify and shorten the start-up time for complex projects. In one of the most socially challenging moments in the past, NTT DATA's team has demonstrated strong empathy and responsibility, working to innovate and offer solutions that have a real impact on health and education sectors in these uncertain times. . A portal has been created to help teachers and students take advantage of remote learning through the "Todos de Casa" solidarity platform. NTT DATA's capacity to grow, innovate and enable its equipment on Microsoft platforms at high speeds suits NTT DATA in the partner of the year 2020 for Spain".

- **Congratulations, NTT Data UK!**
You are the 2022 Microsoft Government Partner of the Year Awards winner.
